Verda Harvest is an urban farming brand focused on hydroponics, delivering fresh harvests from limited spaces for the modern society. With an educational and transparent approach, we aim to make farming a grounded and enjoyable lifestyle

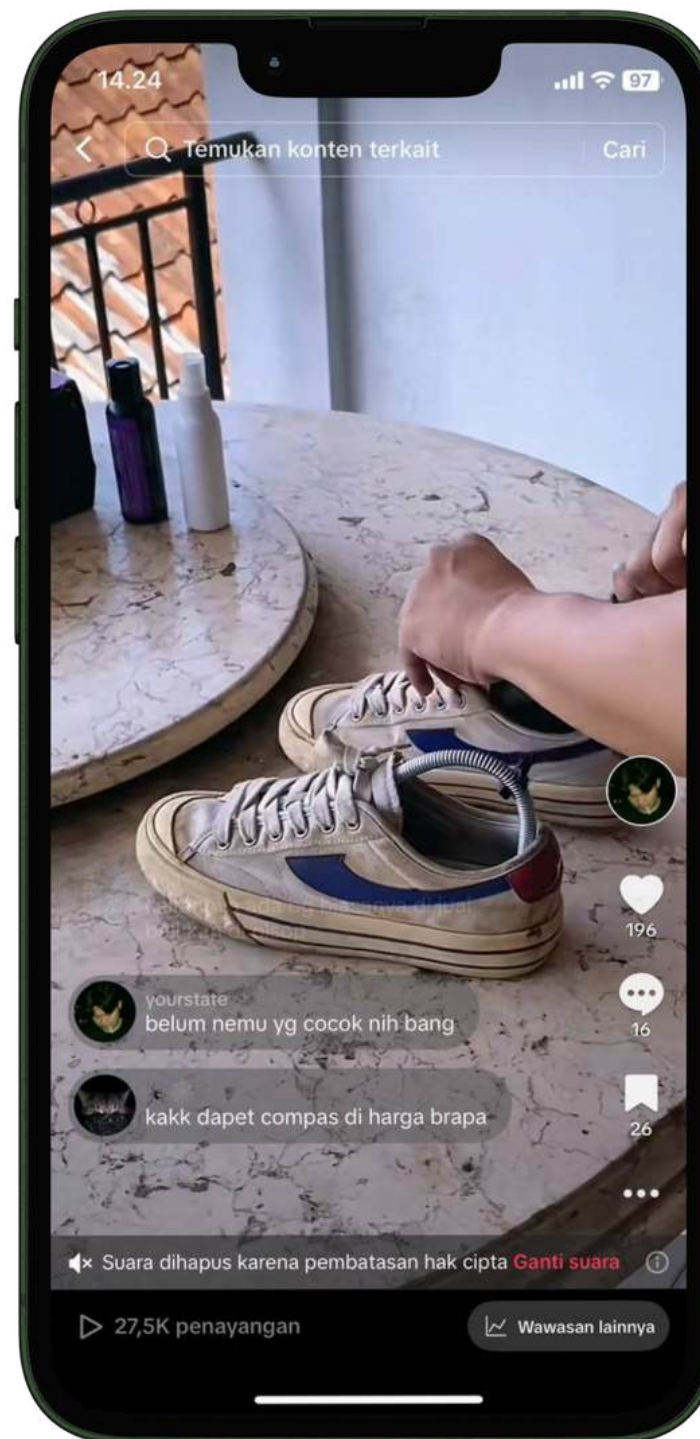

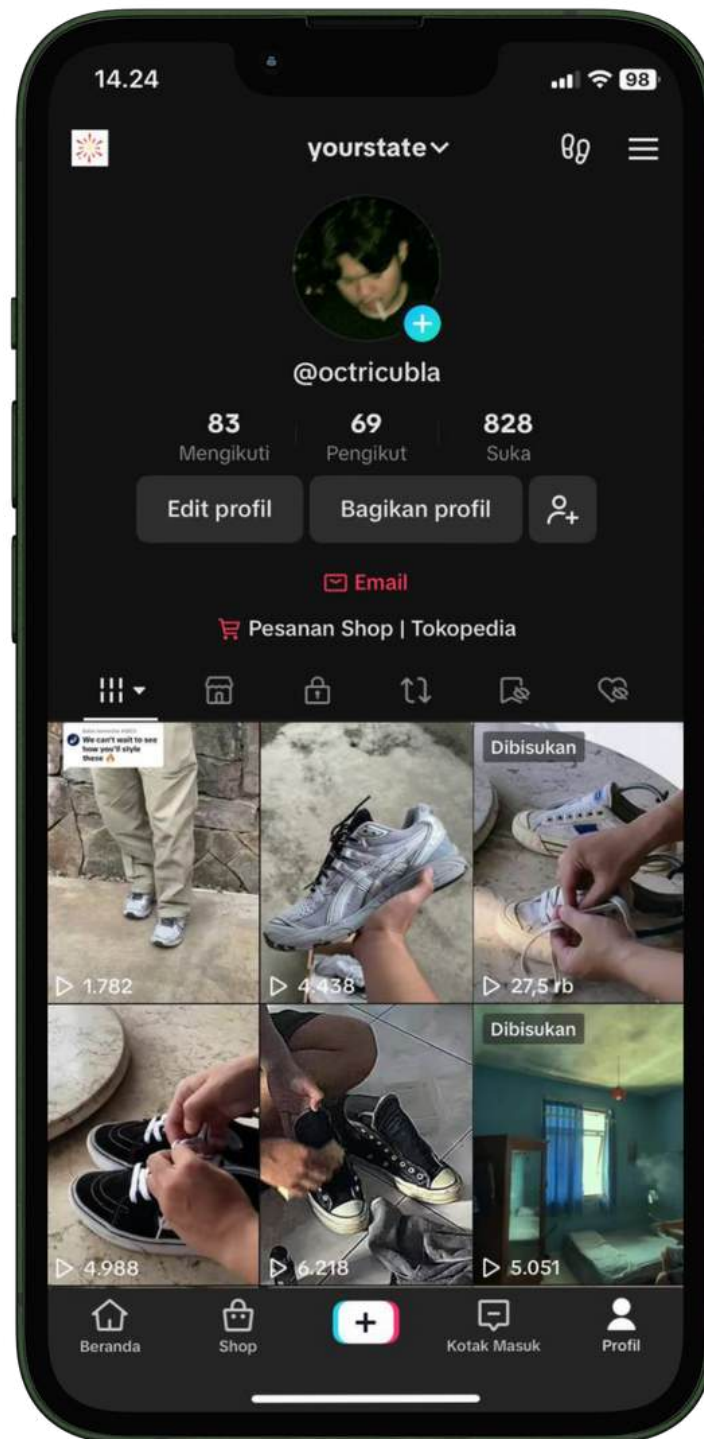

- Prepare the growing media and seeds, then plant them in seed trays. I also regularly check moisture levels and record the seeding time
- Take care of the plants daily by checking their growth, adjusting pH and nutrient levels in the water, and keeping the hydroponic system clean and healthy.

- Harvest the plants and document the results for content and evaluation purposes
- Create content from the planting to harvesting process and share it on TikTok

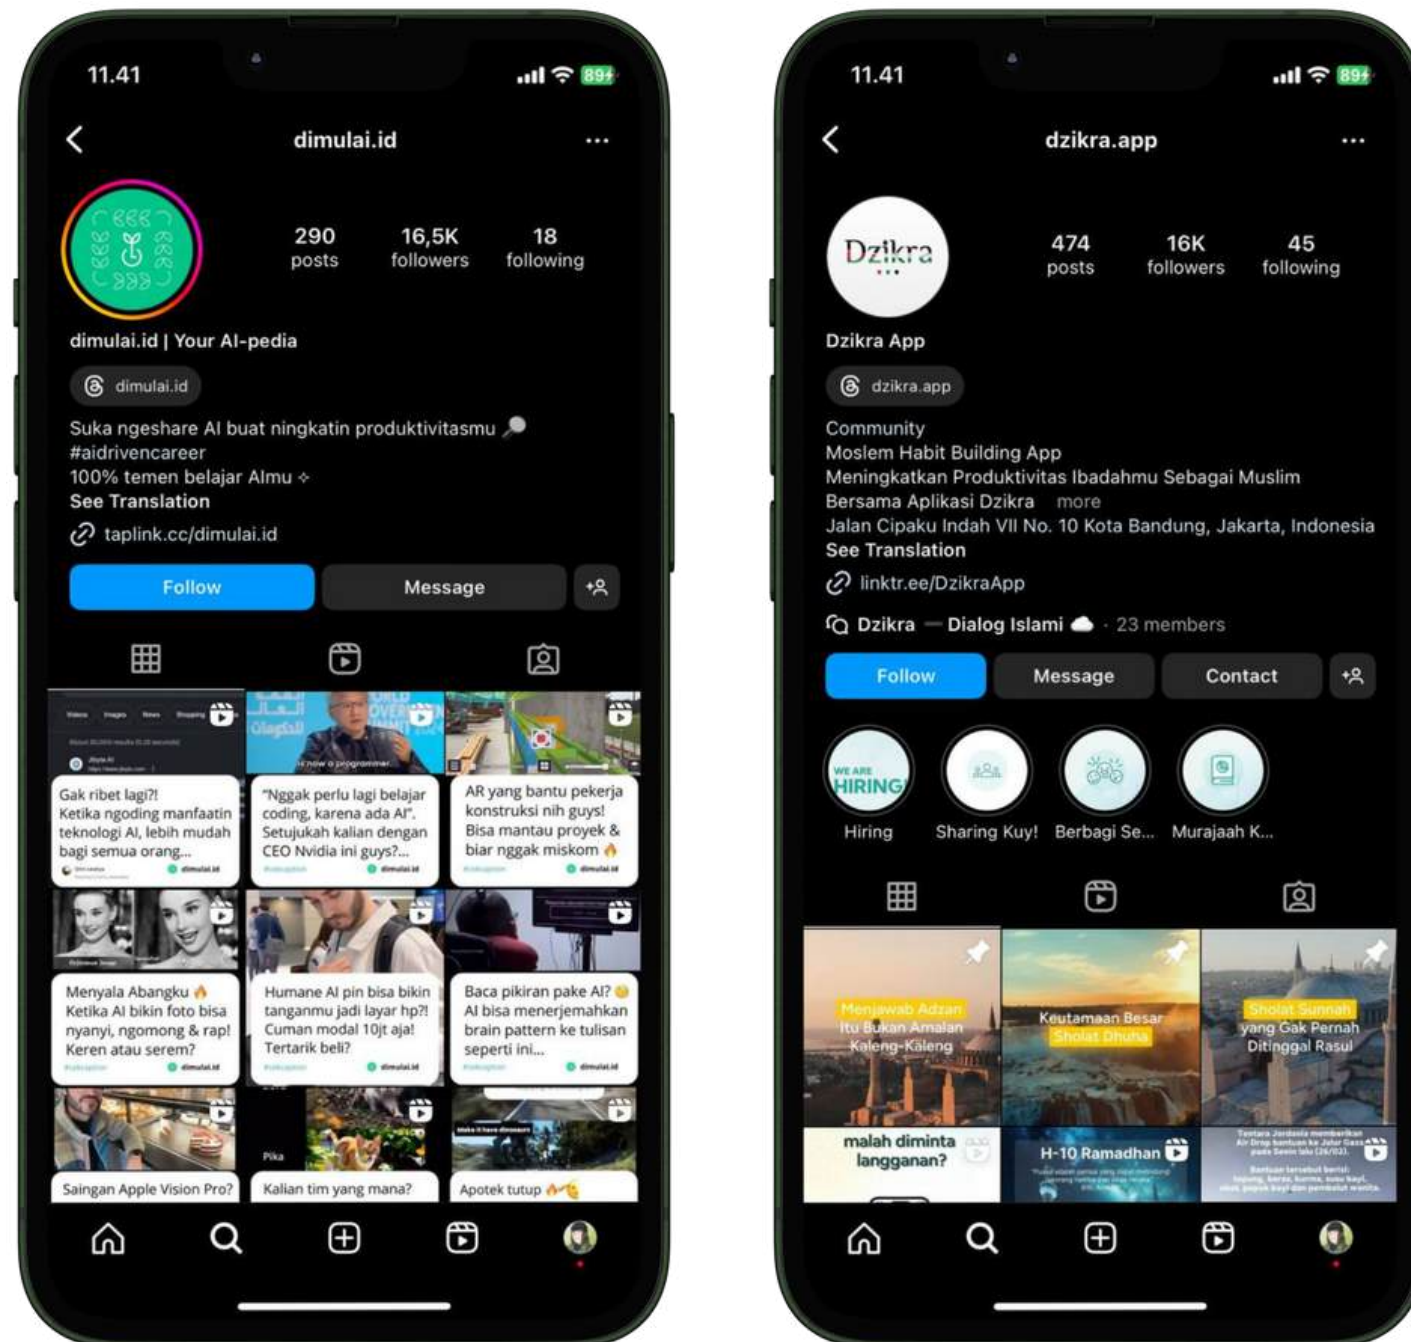

- Successfully harvested various hydroponic vegetables, including lettuce, water spinach (kangkung), and bok choy.
- Grew @verdaharvest TikTok account to **1,400+ followers**, **15.8K+ likes**, and reached over **369K+ total views** organically through educational and relatable content.

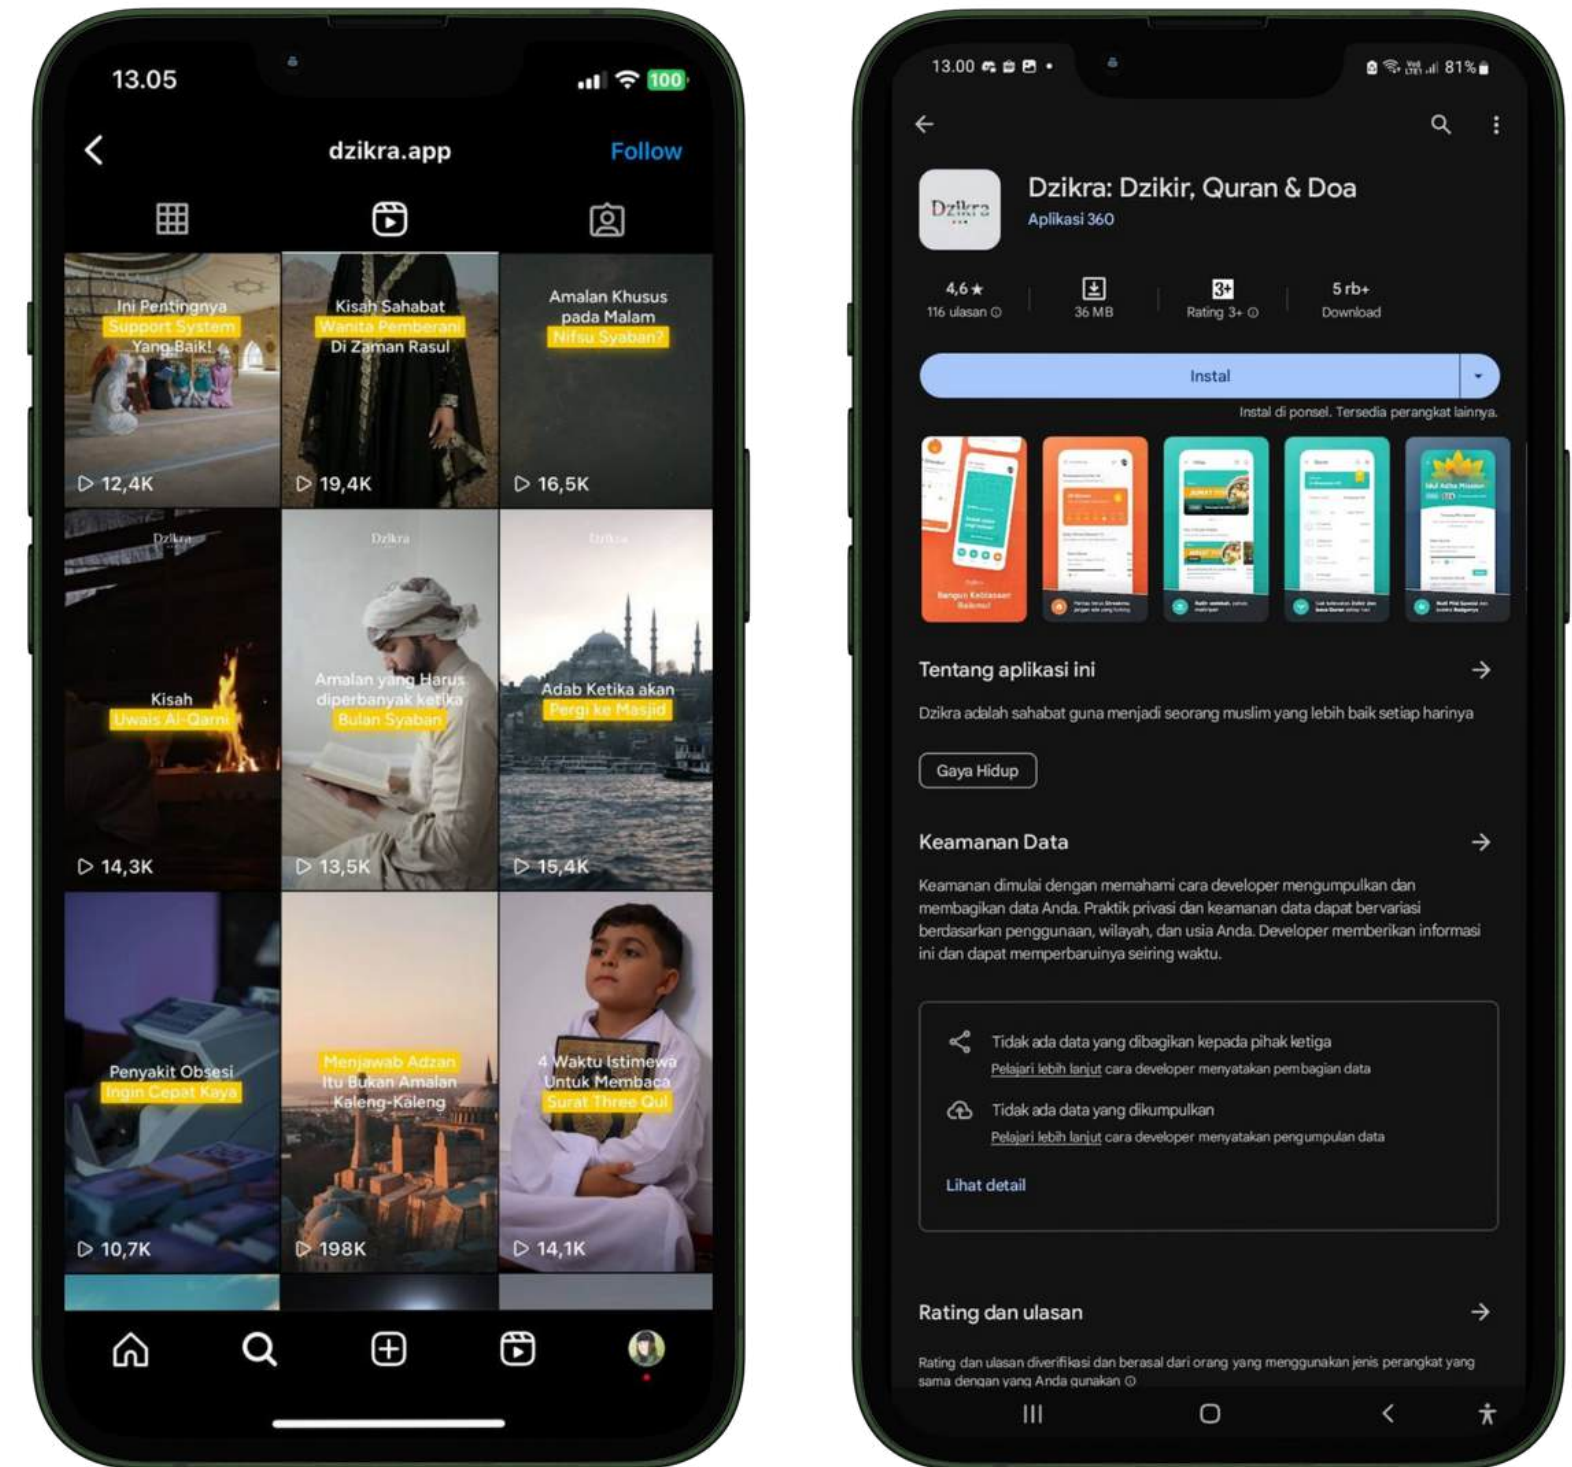

I'm trying to create a brand image as a fashion enthusiast and sneakershead. I share fashion tips and reviews of my favorite shoes in my videos. The goal is to be a source of inspiration for those with similar interests and build a strong community on the TikTok platform.
